

#### FROM THE EARTH. MINED BY PASSION.

**Nakul International** is one of India's leading manufacturers and export houses of natural stones.

With more than 20 years of extensive industry experience, we are able to produce more than 200,000 square meters of quality stones annually!

### **About The Company**

What started as a small manufacturing unit in Mysore 20 years ago, has grown into one of the leading export houses of India.

With a globally-recognized name and more than two decades of industry experience, we export to **10+ countries** around the world. We are a company that specializes in the mining, exporting and manufacturing of high-quality natural stones. We own multiple mines for material procurement as well because we want to ensure quality control from start to finish with every purchase!

Rough edges & blemishes being carefully trimmed away to even out the surface of the block.

With a wide range of colors and finishes, we offer you the best in natural stone design. Our proficient workforce preserves the *natural core charm* of the stone while beautifying it with different textures.

2L+ m<sup>2</sup> Produced Annually
